Professional Summary

Java Full Stack Developer with hands-on experience in developing scalable web applications using Java, Spring Boot, React, and cloud technologies. Skilled in building dynamic, responsive interfaces and backend services with expertise in RESTful APIs, microservices, and Agile methodologies. Proven ability to lead teams, optimize system performance, and deliver innovative solutions.

Technical Skills

- Languages: Java, JavaScript, HTML5, CSS3
- Technologies: Spring Boot, Hibernate, JDBC, Apache Tomcat, React, Angular, Bootstrap
- Databases: MySQL, MongoDB
- Cloud Technologies: AWS (EC2, S3, Lambda), Microsoft Azure
- Other Tools: Git, Maven, Jenkins, Docker, CI/CD, ServiceNow Administration, OpenCV, RESTful APIs, Microservices, Agile Methodologies
- Soft Skills: Team Leadership, Problem-Solving, Effective Communication

Work Experience

Java Full Stack Development Intern, ExcelR

Remote
June 2023 – August 2023

- Developed and deployed scalable web applications using Java, Spring Boot, Hibernate, React, and RESTful APIs, supporting 5,000+ user interactions monthly.
- Collaborated with a team to deliver an e-commerce platform, reducing page load time by 20
- Conducted code reviews, implemented unit tests, and ensured high-quality code delivery for robust application performance.

Education

B.Tech, Computer Science and Engineering

KL University, Vijayawada, Andhra Pradesh
2019 – Expected Graduation: May 2025
CGPA: 9.60/10.0

Class XII, Board of Intermediate Education

FIITJEE, Vijayawada, Andhra Pradesh
2019 – 2021
Percentage: 78

Class X, CBSE

Happy Valley School, Vijayawada, Andhra Pradesh
2017 – 2019
Percentage: 57

Project Details

Online Hotel Booking System

Team Lead (5 members)
November 2024 – May 2025
Languages: Java, JavaScript, HTML5, CSS3
Tools: Spring Boot, Hibernate, MySQL, React, Apache Tomcat, VS Code

- Orchestrated a full-stack web application for hotel bookings, enabling users to search hotels, reserve rooms, receive email confirmations, and generate PDF invoices for over 1,000 monthly transactions.
- Boosted booking process efficiency by 25
- Designed scalable system architecture and performed unit and integration testing.

Event Scheduler

Team Lead (3 members)
September 2023 – November 2023
Languages: Java, JavaScript, HTML5, CSS3
Tools: Spring Boot, Hibernate, MySQL, VS Code

- Developed a web application for college event management, tracking fee payments and enrollments for over 500 students, with automated alert generation.
- Enhanced scheduling accuracy by 30
- Conducted requirements analysis and implemented scalable solutions.

Face Recognition System

Team Lead (2 members)
February 2024 – March 2024
Languages: Java
Tools: OpenCV, VS Code

- Built a face recognition system to detect and match faces against a database of 10,000+ entries, achieving 90
- Implemented advanced face detection algorithms and tested system performance.

Certifications

- AWS Certified Cloud Practitioner, 2024
- ServiceNow Certified Administration for Beginners, 2024
- Microsoft Azure Fundamentals, 2024
- Java Full Stack Development, ExcelR, 2023

Declaration

I hereby declare that all the information furnished above is true and correct to the best of my knowledge.
